Please provide a description of all criteria used by the organization to determine to whom a scholarship shall be awarded under this program:

All of the funds collected during the year are evenly divided among those students whose family income was less than 250% of Federal poverty guidelines.
 We have met the 90% test each year, but we have raised some funds outside of the corporate tax credit program and have accumulated some interest and undisbursed funds which were used this year to meet expenses.
