

Rhode Island Division of Taxation - Updated 11/06/2013

Code 3 of 9 barcode

1D barcode format:

14 digits

YYFFFCCCVVPP

YY – revision year

FFFF – form number

CCCC – NACTP vendor code

VV – version number

PP – page number

Barcode location:

x: 4.75 in

y: 0.50 in

Width: 2.5477 in

Height: 0.50 in (This includes the numbers located below the barcode.)

Anchors:

A black square is required to be in each corner of the page. The square is to be 0.25 inch x 0.25 inch in size, and must be located 0.50 inch from the corners.

Form information should be at least 0.25 inch away from the anchors.

Any anchors that appear on instruction pages can be disregarded. The Division of Taxation does not expect instruction pages to be mailed in with the form.
